Private Jet

AROUND BRAZIL

-
We have access to dozens of private aircrafts in Brazil, based in various airports around the country.
This brochure shows a hand-picked selection of our favorite aircrafts in our inventory.
-

Why a Private Jet?

Chartering a private jet gives you the freedom to fly when and where you want. Our private jet alternatives are exclusively designed to suit the individual needs of each passenger. The convenience of private air travel allows you to fly direct and to skip long check-in lines, baggage fees, stale food and uncomfortable seats. With a private jet, the entire airplane is at your disposal to accommodate a flexible schedule.

Most airports have exclusive terminals for executive aviation, allowing greater comfort, privacy and agility to passengers. The catering will always be personalized and adapted according to each passengers' profile.

Why a Private Jet?

-First Class: Most domestic flights in Brazil do not have Business or First class, so the best way to experience this quality of service is by flying Private.

-Save Time: Direct flight between smaller destinations without having to backtrack to capital cities.

-Extensive fleet: Brazil has one of the largest fleets of private jets in Latin America. This allows us to quote the right aircraft to match our guests' profile and budget.

-Value: We work directly with aircraft owners to offer the best price per flight.

-Health and Safety: All private aircrafts and operators are closely scrutinized to ensure they adhere to the strict international Health and Safety requirements.

What is on Offer?

Helicopters

Helicopters are ideal for “point to point” flights within a range of up to 150 km. Helipads are smaller and more prevalent in various hard-to-reach locations. Skip the long ground transfer in Rio, Sao Paulo and several other destinations by transferring by helicopter. Please note that helicopter flights are highly dependent on the weather.

Turboprops

Turboprops are the economic solution for short distances of up to 3 - 4 flights. These options are used particularly when landing strips are limited to gravel, grass or limited length. We offer both single engine and dual engine options. The luggage capacity is generally restricted to 15 kg per person depending on seat occupation.

Lightweight Jets

Lightweight jets can cruise at over 700 km/hr, faster than turboprops. These can accommodate up to nine passengers and fly for up to three straight hours. The cabins usually have leather seats and larger models will also include a lavatory. The luggage capacity is normally limited to 20 kg per person depending on seat occupation.

Mid-Size Jets

Mid-size jets are the most premium aircraft of our private travel collection with seating for 7–16 passengers. Cabins have leather seats, spacious lavatories and service area for food and beverages. All flights are operated with two pilots and often an attendant for service on board. They provide ample luggage capacity.

Helicopters

Agusta 109 Power

Minimum Crew
2 pilots

Capacity
5 passengers

Maximum speed
250 km/h

Flight Range
3 hours

Esquilo B2

Minimum Crew
1 pilot

Capacity
5-6 passengers

Maximum speed
222 km/h

Flight Range
3 hours

Airport to hotel - Intercity - Transfer - Paraty.

In/From Fortaleza
Jericoacoara - Guajiru - other beaches and resorts nearby.

In/From Salvador
Praia do Forte - Morro de São Paulo.

In/From Ilheus
Txai Resort.

In/From Belo Horizonte
Ouro Preto - Mariana.

Akorn
AKORN DESTINATION MANAGEMENT

Turboprops

King Air B200gt

The traditional King Air B200GT has a cabin that offers extreme comfort, private lavatory in the back of the aircraft, and an excellent internal baggage compartment accessible during the flight. King Airs operate with two pilots, state of the art equipment and are known for being the safest turboprop planes in the world.

Capacity
8-9 passengers

Flight Range
6 hours

Maximum speed
540 km/h

Cessna Caravan

The Cessna Caravan is known for its rugged utility and flexibility.

With its powerful turboprop engine, the Caravan delivers the rare combination of high performance, low operating costs, great range and ability to adapt to a wide variety of missions. These planes have great cargo capacity and the ability to include (or remove) lavatory. Caravans also operate with two pilots and modern instruments.

Capacity
10 passengers

Flight Range
6 hours

Maximum speed
344 km/h

Recommended Turboprop Rides

From Rio de Janeiro
Paraty - Angra dos Reis - Ibitipoca - Pantanal Lodges.

In/From Paraty
Paraty - Angra dos Reis - Pantanal Lodges - Rio de Janeiro

From São Paulo
Pantanal Lodges - Paraty.

Salvador
Trancoso.

Manaus
Anavilhanas Lodge (Amazon) - Kayapo Indigenous Territories.

From Cuiabá
Porto Jofre (North Pantanal).

Campo Grande
Caiman Lodge (South Pantanal).

Akorn
AKORN DESTINATION MANAGEMENT

Lightweight Jets

Phenom 100

Capacity
4 passengers

Flight Range
3 hours, 50 minutes

Maximum speed
722 km/h

.....

This airplane has a large baggage compartment and is equipped with new, more ergonomic seats, all with retractable arm rests. It offers two distinct temperature zones, allowing for greater comfort for pilots and passengers.

Citation CJ3

Capacity
6 passengers

Flight Range
4 hours

Maximum speed
800 km/h

.....

Although not the most luxurious, these aircraft are economic and comfortable and are the largest and fastest of their kind. The Citation CJ3 has been designed to easily and efficiently operate short distances.

Hawker 800

Capacity
8 passengers

Flight Range
7 hours, 30 minutes

Maximum speed
819 km/h

.....

Rotating seats, private lavatories, and direct baggage access. Its main difference is the headroom, which allows for movement with greater comfort. It is ideal for long flights, which require internal space and a long-range aircraft.

Mid-Size Jets

Legacy 650

With three cabin areas, the Legacy 650 features the largest cabin, galley and toilet in its class. The luggage compartment is fully accessible during the flight, so you have what you need when you need it. Wi-Fi connectivity, high-definition screens and integrated Apple TV create the best possible comfort for the passenger on board.

Capacity
14 passengers

Flight Range
7 hours

Maximum speed
850 km/h

Gulfstream 550

With ultra-long range, high performance and a spacious cabin, this executive jet offers refinement and extraordinary comfort. With intercontinental reach, the G550 can connect Sao Paulo to Moscow without a stop. Thanks to its large airframe and powerful engines, there is no sacrifice in performance, even under hot and high elevations.

Capacity
18 passengers

Flight Range
13 hours

Maximum speed
880 km/h

AKORN DESTINATION MANAGEMENT

Suggested Private Jet Itineraries

Brazil is a country of incomparable beauties and destinations. The size of the country can provide different experiences for guests with various types of vegetation, fauna, biomes and scenery. However, the continental dimension makes huge distances between the most important places.

A private jet connects some of the less-accessible places in a much shorter time and can be tailored to each and every guest. All of our tours are tailor-made but here are a few suggested itineraries to inspire you.

- Save up to 24 hours of travel time.
- Save up to 12 hours of land transfers.
- Land directly at Caiman Lodge.
- Land directly at Bonito Airport.

*Suggested aircraft:
King Air B200 (Turboprop)

Adventure - 9 Nights

Lençóis Maranhenses & Jericoacoara & Chapada Diamantina
Lençóis Maranhenses and Jericoacoara are incomparable places in Brazil. The landscapes formed by high dunes and fresh water lagoons offer the perfect place for adventure and sports. To best combine these destinations places, fly to Chapada Diamantina, a sanctuary for nature lovers.

- Day 1 - Arrive at Lençóis Maranhenses
Stroll by the dunes, passing by the emerald lagoons, with stops for swimming.
- Day 2 - Lençóis Maranhenses
Board a speed boat to enjoy the beautiful landscape of typical mangrove vegetation.
- Day 3 - Lençóis/Jericoacoara
Jericoacoara is an ecological paradise with sand dunes and beach in a small fishing village.
- Day 4 - Jericoacoara
Buggy ride through the dunes for beautiful landscapes of the region.
- Day 5 - Jericoacoara
Discover the other side of the village and watch the sunset at the Duna do pôr do sol.
- Day 6 - Jericoacoara/Chapada Diamantina
Chapada Diamantina, a natural treasure with table-top mountains, river valleys and waterfalls.
- Day 7 - Chapada Diamantina
Hike to some incredible waterfalls with viewpoints of the region's icon table-top landscapes.
- Day 8 - Chapada Diamantina
Listen to the sounds of Brazil's second biggest cave.
- Day 9 - Chapada Diamantina
Brazil's highest waterfalls at 400m.
- Day 10 - Chapada Diamantina
Depart Chapada Diamantina.

MAP OF BRAZIL

Private Travel Advantages

- Fly directly to Barreirinhas (not offered by commercial airlines).
- Fly to Jericoacoara and Lençóis, where frequencies are usually limited.
- Avoid long land transfers.
-
- *Suggested aircraft:
- Citation CJ3 (Lightweight Jet)

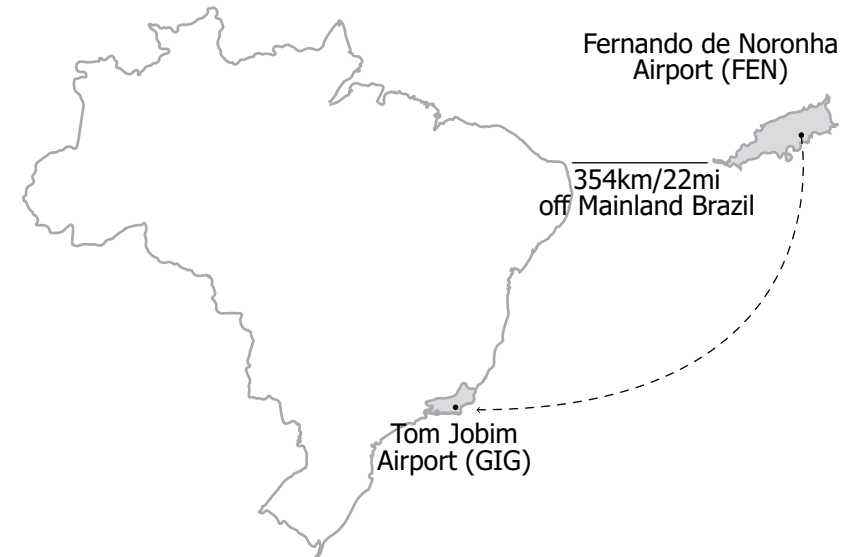

Hidden Gems - 7 Nights

Fernando de Noronha & Ibitipoca

Brazil has plenty of untouched places which are hard for the masses to get to. This itinerary combines two of them with the ease and convenience of a private jet.

MAP OF BRAZIL

Private Travel Advantages

- This route would involve at least 3 flights, when doing it commercially.
-
- *Suggested aircraft:
- Hawker 800 (Lightweight Jet)

Day 1 - Arrive at Fernando de Noronha
Golden sands, turquoise blue and emerald sea, coral, splendid marine life, forest, rock formations. Fernando de Noronha archipelago is an exclusive destination where only 240 people can stay at once.

Day 2 - Fernando de Noronha
Go diving in one of the best destinations in the world.

Day 3 - Fernando de Noronha
Hike and bike through the archipelago for a different perspective of the landscape..

Day 4 - Fernando de Noronha
Take a boat out on the Noronha sea to feel the wind in your hair and to swim with dolphins.

Day 5 - Fernando de Noronha/Ibitipoca
Conceição do Ibitipoca is located 260km from Rio de Janeiro. The Ibitipoca State Park has 1,488 hectares and its average altitude is 1,500 meters. It protects more than 20 caves formed in quartzite, a rare mineral in the world.

Day 6 - Ibitipoca
Reenergize yourself in one of the beautiful waterfalls of the region.

Day 7 - Ibitipoca
Relax and reconnect with yourself during a massage, a yoga session or meditation.

Day 8 - Ibitipoca
Depart Comuna do Ibitipoca

Honeymoon - 9 Nights

Ponta dos Ganchos & Uxua

Visit some of Brazil's untouched corners, inaccessible by commercial flight and with very few tourists.

Days 1 to 5 - Ponta dos Ganchos Resort
Ponta dos Ganchos Exclusive Resort, located in the North of Santa Catarina State, is a haven of green mountains melting into clear waters along the Emerald Coast. Overlooking a stunning vista of three small islands and a white-sand bay, the resort is truly unique and special.

The small number of guest bungalows ensure you have an exclusive experience with the highest level of service and hospitality.

The calm waters are excellent for snorkeling, canoeing and stand-up paddle boarding and the romantic setting is perfect for couples, offering beach dining and private picnics..

Days 5 to 10 - Uxua Casa Hotel & Spa
Authenticity is the greatest luxury a visit to Brazil's picturesque and historic Bahia state can offer.

And no place delivers the experience like Trancoso's Quadrado, its car-free, UNESCO-protected town square. Half UXUA's casas here date back 500-years to the village's founding. They were restored by designer Wilbert Das in collaboration with local artisans using traditional techniques and reclaimed materials. These casas have a soul, each with legends and family history, every detail uniquely crafted by caring hands. UXUA's rustic beach lounge, Almescar Spa, Quadrado restaurant and five-star service complete the perfect holiday.

MAP OF BRAZIL

Private Travel Advantages

- This route would involve at least 4 flights, when done commercially.
- Commercial airlines do not have any routes on offer to these destinations.
- *Suggested aircraft:
 - Phenom 100 (Lightweight Jet)
