

# Two Deserts & a Delta

## ITINERARY

### 1 Arrive in Nxai Pan National Park

Arrive at Maun International Airport and fly on a shared light aircraft flight to the camp airstrip, transfer to your accommodation and overnight. The flying time is approximately 45 minutes.

Nxai Pan is located on the western edge of the fossil pan from which the camp takes its name. The camp faces east over the open grasslands of the pans. The biggest draw to Nxai Pan National Park are the zebras that migrate by the thousands to the area – the second largest land animal migration in Southern Africa. Day trips to Baines' Baobabs are highly popular. These age-old trees were immortalised in paintings by the artist and adventurer Thomas Baines in 1862. If you were to compare Baines' paintings to the scene today, you would find that after 150 years, the trees are nearly identical.
