ITINERARY

1 Arrive in Kigali

Upon arrival at Kigali International Airport, you will be met by our representative and transferred to your hotel for the night. Dinner is under your own arrangements.

Overnight: Bronze: Hotel Milles Collines | Silver: Kigali Serena Hotel | Gold: The Retreat

Meal Plan:

2 Nyungwe Forest National Park

BRONZE: Today, drive to the Nyungwe Forest National Park, have lunch on the way and arrive in the afternoon.

SILVER & GOLD: Take a morning flight to Kamembe airstrip. After lunch go on a forest canopy walk.

Tucked away in the southwest corner of Rwanda, Nyungwe Forest National Park is home to a plethora of extraordinary sites and activities. With over 80 species of mammal, 13 species of primate, 1,000 plant types and more than 300 kinds of bird - 27 of which are endemic - it is little wonder that many hail this forest as Rwanda's most important site for biodiversity. The chance to track chimpanzees is high up on the list of things to do, with over 400 of these primates living beneath the forest's dense canopy, some of which have been habituated to human contact.

Overnight: Bronze: Mantis Kivu Marina Bay Hotel | Silver: Mantis Kivu Marina Bay Hotel | Gold: One&Only Nyungwe House

Meal Plan: B,L,D

3 Nyungwe Forest National Park

After an early breakfast, you will make your way to the start point for a morning of chimpanzee tracking. These wonderful primates are very much like humans – they can be gentle, caring and tender but they can also be aggressive and irritable.

There are approximately 500 chimps left in the Nyungwe Forest and they live in extended communities of up to 100 individuals that break up into smaller subgroups as they forage through the forest. You are likely to hear them before you see them and they may be on the move so you will have to track them through the forest.

Overnight: Bronze: Mantis Kivu Marina Bay Hotel | Silver: Mantis Kivu Marina Bay Hotel | Gold: One&Only Nyungwe House

Meal Plan: B,L,D

4 Lake Kivu

After breakfast drive north up to Lake Kivu. Arrive at the property in time for lunch and an afternoon at leisure.

Lake Kivu is as impressive as it is picturesque; forming part of the Great Rift Valley, this body of water is the largest lake in Rwanda and one of the largest in Africa. The lake is surrounded by dramatic hills and mountains, dotted with idyllic islands, and fringed by sandy beaches and several tranquil, traditional fishing villages.

Overnight: Bronze, Silver: & Gold: The Cleo Hotel

Meal Plan: B,L,D

5 Volcanoes National Park

Today, there is time for a leisurely breakfast before driving north to Volcanoes National Park. The journey will give you an opportunity to view Rwanda's splendid hilly terrain.

In the afternoon set off to the newly built Ellen DeGeneres Campus of the Diane Fossey Gorilla Fund where you will enjoy a self-guided tour through the center. You will then be met by your guide who will take you on a walk through the community and surrounding farmlands. End the walk at the Kinigi Single Mothers Sewing Center, which supports single, mostly teenage mothers, by teaching them how to sew.

Overnight: Bronze: Amakoro Songa Lodge | Silver: Sabyinyo Silverback Lodge | Gold: One&Only Gorilla's Nest
Meal Plan: B,L,D

6 Gorilla Tracking

After an early breakfast drive to the Gorilla Tracking HQ to meet the guide, porter and the other people tracking your gorilla family.

Gorilla tracking in Rwanda is often described as "life changing" and with good reason. With only an estimated 1,000 gorillas left in the world, to see these gentle creatures in their natural habitat is a truly unique moment. Hikes in the mountains can last anywhere from 30 minutes to 4 hours + depending on the family allocated to your group and their location. The journey back can take just as long, but you are often carried along by the euphoria you feel at seeing the gorillas!

Meal Plan: B,L,D

7 Golden Monkey Tracking

Today, go on a golden monkey track. This unusual species is endemic to the Virunga Volcanoes Chain and can only easily be seen in Rwanda. The golden monkeys are very active creatures and spend a lot of time up in the bamboo jumping between them which can make them difficult to photograph. However, this is a rare and delightful experience and one not to be missed whilst in Rwanda.

There is time in the afternoon to head out on a canoe ride on the Mukungwa River. The Mukungwa River runs through the foothills of the Virunga Volcanoes and gliding lightly down it in a modern canoe is a unique way to soak up the countryside. Take in the impressive views of the soaring volcanoes in the distance, spot abundant birds, look out for the otters and meet friendly communities.
