What to do at CasaMolle?

Thanks to CasaMolle's location and a little bit of creativity, there are a whole host of activities for guests to choose from, no matter your interests or age. Venture through the meadows on horse-back, by bike or on foot or paddle along the lake in a kayak. Try your hand at outdoor bowling, or take on the challenging 9-hole golf course. For those looking for something less energetic, relax by the pool, sit in the hot tub or sauna, or join in with a yoga class.

Their Programs

CasaMolle has created a variety of programs for groups of 8 to 24. The activities included in each program offer both indoor and outdoor options and can be tailored according to the interests.

Couples-&Friends Program

CasaMolle is a place for laughing, enjoying and sharing and this program encourages couples, families and friends to do just that. During the day, perhaps play a round of golf together. Then, as dusk settles, your choice of music is provided as you dance under the stars or enjoy a selection of local wine and pisco.

* Complimentary DJ service for groups over 14.

Big Family Program

Family trips are meant to bring everyone together. This program encourages children, parents, aunts and uncles to get involved in some team activities, such as karaoke, bowling, golf and more.

Wellness and Soul Program

Some vacations are meant entirely for relaxation and recuperation. The wellness and soul program urges guests to take advantage of the meditation and yoga sessions, crystal therapy, music therapy and outdoor massages, all in sight of the picturesque surrounding views.

Business & Meeting Program

CasaMolle is adaptable and can also host a more corporate stay, offering meeting spaces and complimentary equipment. Delegates can wake up after a good night's sleep, wander over to a meeting room for business and then partake in an afternoon or evening activity, all without leaving the hotel.

Wedding & Event Program

Celebrate the most special day of your life, at the most special place in the valley. The benefits of this program include a two-night stay, altar decoration, a wedding planner and a ceremony for the bride and groom to be.

Open Program (minimum 2 guests)

This programme allows couples, individuals and smaller groups to enjoy everything the hotel has to offer alongside other guests, just as you would at a normal hotel. For this open program, we just need to check availability and dates as it operates on request.

This program includes exquisite meals, an open bar, horse-back riding, biking, golfing, kayaking, outdoor bowling, trekking, use of the swimming pool, hot tub and sauna, stargazing and yoga.

Questions?

Where is CasaMolle?

It is in the Elqui Valley, and although Santiago is considerably far from here, the city of La Serena is just 20 minutes away by car.

How to get there?

The best way is to fly to La Serena and then transfer for 20 minutes along the Route of Stars freeway.

How many nights should I stay?

Although a minimum of 2 nights is required, we do suggest 3 nights, for a full experience.

Are there any vineyards nearby?

Of course there are, this is Chile! The Coquimbo region is well known for its vineyards. However, it isn't just wine what you will be able to delight your senses with, but the high-quality pisco that this region is known for.

This is when you smile, and state:
"This is a year-round destination!"

In two words – "Its location". The Valley's position allows for all of the following:
